*Appointment dates are as follows:*

**SPHA 562 Health Care Law: March 16, 2024 to June 15, 2024**  
**1 part-time position (40 hours total)**

**Course Learning Objectives:**

- Identify key components of the Canadian legal system framework and the sources of legal authority related to health care.
- Describe how the federal and provincial legislation informs health care along with common law claims, in particular negligence claims which are particularly relevant in health care settings.
- Explain the impact of law on the Canadian health care system, governance of health care professionals and health care organizations, protection of patient interests, and special considerations related mental health, public health and end of life legal matters.

## Teaching Assistant Positions

- Recognize legal issues that impact on health care delivery and associated resources including policies and procedures, legal assistance and other organizational resources.

### **Duties:**

- Development of a final rubric for assignments, education delivery about technology-related errors.
- Marking the final assignment.
- Assisting the instructor as needed.

### **Qualifications:**

- Current PhD student in Population and Public Health at UBC or Law with a concentration in healthcare.
- Student with an understanding of the learning objectives for the course from direct education and/or professional experience.
- Available during the course dates in April and May (April 13-14 and May 3-4) and five weeks following the course for marking assignments.
- Preference is given to individuals who have TA experience for SPHA 562.
- Excellent written communication skills.
- Ability to prioritize work and meet deadlines.
- Fluent in written and verbal English.
- Ability to work in a team.
- Prior experience with e-learning an asset.
